ABOUT CBT TECHNOLOGY

CBT Technology is the leading global supplier of front panels, enclosures, and accessories for circuit-board mounting systems in the electronics, defense/security, and communications industries. We are committed to addressing our customers' needs for products and services through collaboration, understanding, and support (Customer Intimacy). We operate with a passion for simplicity, FLOW, disciplined teamwork, relentless continuous improvement, and process focus (Operational Excellence) to maintain Product Leadership with our innovation-focused "out of the box" mindset.

CBT Technology services customers globally – with sales and applications engineering in both North America and China. We work closely with all of the major contract equipment manufacturers to insure timely and quality production via our China or North American manufacturing facilities.

HISTORY

- CBT Technology was founded in 1945 as Trim Alloy
- Acquired in 1987 by private owner and Incorporated as Extrusion Technology, Inc.
- 2005 – Established manufacturing facility in Xiamen, China

- 2010 – Acquired Triple E – Lowell, MA
- 2010 – ITAR Compliance
- 2011 – Acquired Purcell Technologies – Brentwood, CA
- 2011 – Changed Name to CBT Technology, Inc.

MARKETS SERVED

- Telecommunications
- Networking & Datacom
- Test & Measurement
- Process/Embedded Control
- Security/Defense
- Transportation
- Medical

OUR BRANDS

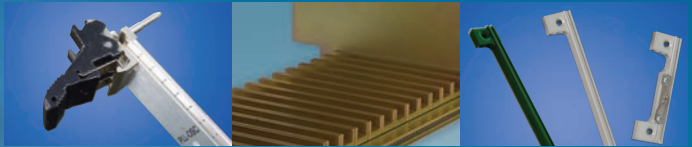

XTech - The Front Panel and Enclosure Source

- Front panel components and assemblies for ATCA, AMC, CPCI, PMC/FMC
- Online ordering
- Front Panel XPRESS – customized front panels – fast from design to delivery
- Custom front panels and extractor solutions
- Standard and custom enclosures

Purcell - PCI Bracket and Front Panel specialist

- Front Panel assemblies for CPCI, ATCA and PMC
- PCI Brackets – from standard to custom

Triple E – Ruggedized Eurocard Packaging

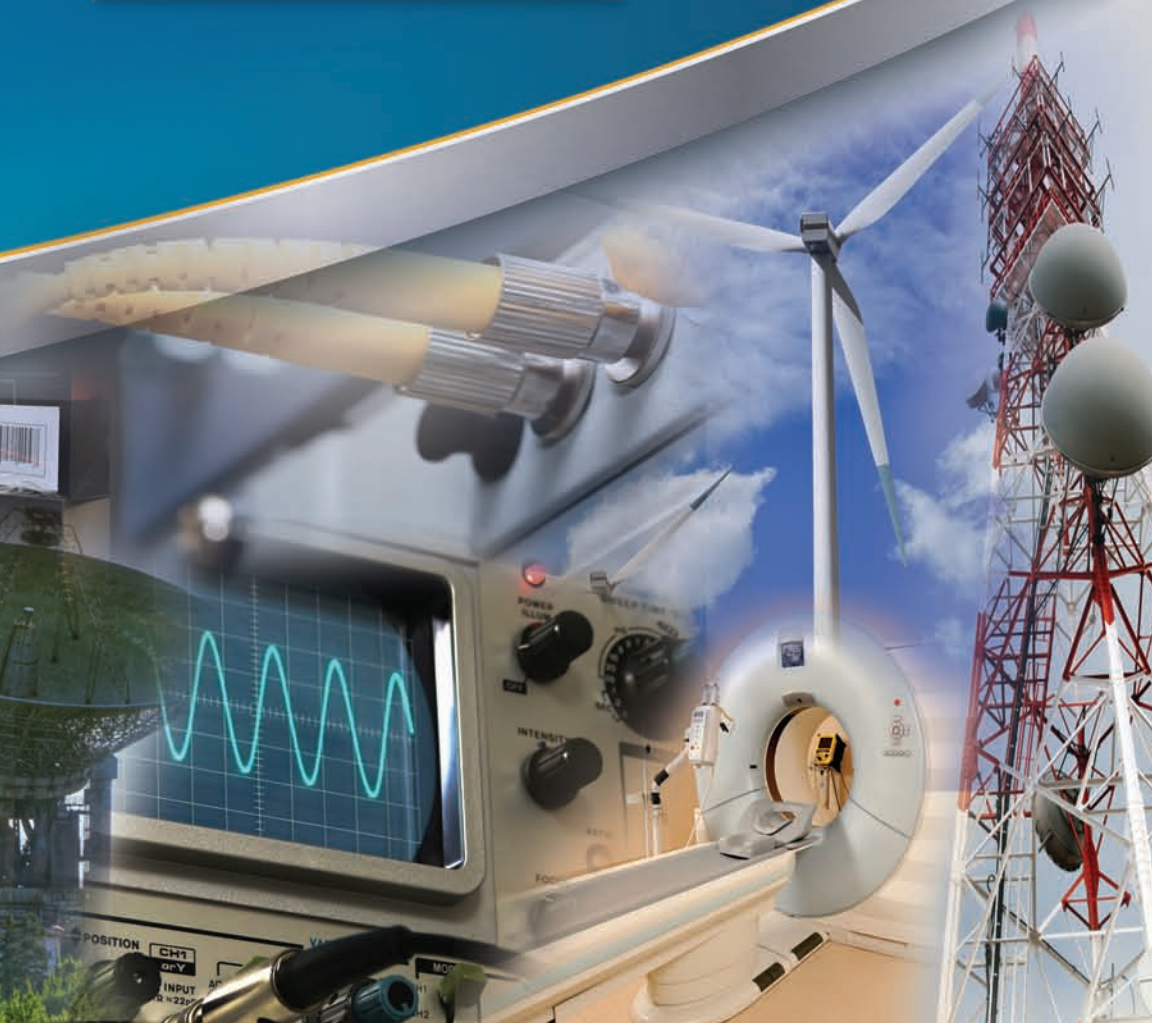

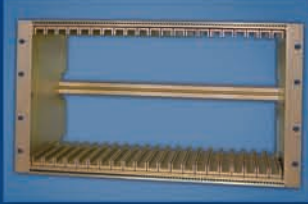

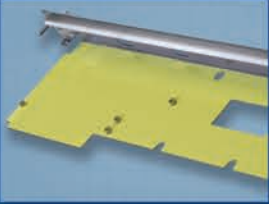

- CPCI, VME, VPX packaging
- Ruggedized all metal handles/ejectors
- Front panels with integral pb holders
- All metal card guides and ruggedized subracks

TOP CUSTOMERS AND STRATEGIC PARTNERS

Global OEM's including Alcatel Lucent, Cisco, Juniper Networks, HP, Oracle, Kontron, Motorola, Ciena, Westinghouse, Lockheed, Raytheon, and AAI.

Global Contract Equipment Manufacturers including Flextronics, Jabil, Celestica, Benchmark, Sanmina, Plexus, and Foxconn.

OPERATIONAL OVERVIEW

CBT's manufacturing is vertically integrated enabling us to be more responsive to your lead-time and support requirements. From standard components off-the-shelf to customized configurations, our focus is on front panels and enclosures. This enables us to optimize our capabilities to best meet customer demands.

Our advanced in-house manufacturing equipment includes

- 8" Extrusion Press
- Press Brakes
- Powder Coat Line
- CNC Machines
- High Efficiency In-line Machines
- Time Savers
- Laser Fabricators
- Turret Punch Presses
- EDM Machines
- Robotic Welding
- Flat Bed Presses
- Tool-making Shop
- Progressive Die Stamping
- Full Assembly Area
- High-speed Routers

In order to expand our ability to create value for our customers, CBT is committed to the lean philosophy of engaging the entire workforce in continuous improvement (Kaizen) in all facets of our business.
